CLOYD'S LANDING.

Robert McComas, of Leslie, was here on business the first of the week.

Bryant Keen is a candidate for sheriff, subject to the action of the Republican party. Deputy sheriff John Jones is also a candidate for the same office. He is also a Republican.

Salt Lick Bond now has about twenty good producing oil wells which will make over 1,000 barrels a day when put to pumping. Some of them are being pumped now and are producing fine. Nearly 10,000 barrels of oil are now in tanks awaiting the pipe line.

Marvin Armstrong and Ellis Cary have gone to the Kansas oil field where they expect to get work.

Farmers are burning plant-beds, breaking land, etc., preparing for the cropping season.

Miles Cary is on the sick list.

The river is at present too low for navigation, except by gasoline boats.

The mockingbird that awoke "Uncle" Tommie Graves to tell him he was a million hair, is now singing to J. E. Heard. Ere long he will be uttering his mimicry at D. W. Cloyd.

Miss Annie Cary, who was thrown from a horse at Leslie last December, receiving serious injuries, is improving and will soon be able to return home.

NEATSBURG.

Henry Harmon has sold his farm to Waymon Rigney for \$2,625. We are glad to have Mr. Rigney with us, but we are sorry to give up Mr. Harmon and family.

Tom Hancock is sick at this writing, but with the assistance of Dr. Perryman we think he will soon be out again.

Charley Campbell, who has been sick for some time, is no better.

Mrs. Betsy Harden, of Eunice, is not expected to live.

C. L. Pyle, formerly of Casey county, who has been sick with rheumatism for some time, is out again, and has removed to his farm known as the Rigney farm, and is building a barn and sowing grain. He is an industrious, fine man, and we are glad to have him with us.

Ben Grant and wife, of Indiana, who have been visiting their parents here, have returned home.

Dr. R. H. Perryman is making daily professional visits to Eunice.

Our merchant, Mr. J. A. Curry, has been in bad health for some time.

Wm. Grant, one of our oldest and most respected neighbors, has been in declining health for several months.

Irene, the little daughter of Josh Beard, has been quite sick for some time, but is now better.

Miss Cary Fielder, Irvine Burton and family, Adam Burton and others left this place last Monday for Farmington, Ind.

Dollage Roberts, P. M. and merchant at Eunice, is very sick with pneumonia.

Our postmaster, Mr. Curry, is due many thanks for our daily mail, telephone connection and many other favors. May his shadow never grow less.

Lindsey Wilson Training School!

THIS INSTITUTION WILL GIVE A SPECIAL COURSE OF TEN WEEKS TO Teachers, beginning MARCH 14th. All teachers who desire to more thoroughly understand their work, to broaden their information in their chosen profession, are requested to enter

Our Normal Glass for the Last ten Weeks.

PROF. MOSS has charge of this Department and his thorough knowledge of the entire course, his enthusiasm and untiring energy are factors that will prove his great value to those fortunate enough to enter his class.

Every Monday Evening the Normal Pupils

Meet in the College Chapel and discuss current events and methods of teaching. This is a very successful way to secure information so essential in examinations and so difficult to get in ordinary channels.

REMEMBER that the Normal Course begins the 14th of March. Enter on time and get the full term.

C. R. PAYNE, Business Manager.

FONTHILL.

J. Watt Brown, of Liberty, Ky., bought of C. Stephens five steers, 30; of J. H. Smith, four steers, \$90 00; of J. B. Wilson, one bull, 2 1/2. J. H. Smith bought of G. Coffey, one mule \$110; of Elzy Wade, one cow, \$20. He also sold Wilkinson & Taylor, Burnside, 150,000 staves and Walker Wilson one cow for \$27 50.

Mr. J. M. Smith, our out door photographer, who went to Virginia the first of the year, writes us he is well satisfied and making lots of money, but are long we expect to see him here.

Robt. Carson, traveling salesman for Flood & Co., Lexington, was here recently.

WEBB'S CROSS ROADS.

J. L. Shepherd, who has been sick for some time, is no better.

E. G. Shepherd and wife will leave for Illinois Sunday where they contemplate making their future home.

Married, on the 14th of February, Mr. Wm. Gadberry, to Miss Sarah Thomas, of Tarter.

Henry Wilson sold one mule to F. W. Cravens for \$85. Cravens bought one mule from G. W. Coffey for \$110.

G. A. Foley, of this place, is in Florida, looking out a location.

Ike Wilson, of Joppa, visited relatives in this vicinity last week.

Ola Swanson, age 13, was out hunting one day last week and fired at a squirrel, the gun kicking him down, hurting him considerably.

WHY I ATTEND CHURCH.

1. Because God has blessed the Sabbath day and hallowed it making no exceptions for rainy Sabbaths:

2. Because I expect my minister to be there; I should be surprised if he should stay at home for the weather.

3. Because if his hands fall through weakness, I shall have great reason to blame myself, unless I sustain him by my prayers and my presence.

4. Because by staying away, I may lose the sermon that would have done me great good, and the prayers which bring God's blessing.

5. Because my presence is more needed on Sabbaths when there are few, than on those days when the church is crowded.

6. Because whatever station I hold in the church, my example must in-

fluence others. If I stay away, why may not they?

7. Because on any important business, bad weather does not keep me at home; and church attendance is, in God's sight, very important.

8. Because among the crowds of pleasure seekers, I see that no bad weather keeps the delicate female from the hall, the party, or the concert.

9. Because, those who stay from church because it is too warm, or too cold, or too rainy, frequently absent themselves on fair Sabbaths.

10. Because, though my excuse satisfies myself they still must under go God's scrutiny, and they must be well grounded to bear that.

11. Because there is a special promise that where two or three meet together in God's name, he will be in the midst of them.

12. Because an avoidable absence from church is an infallible evidence of spiritual decay. Disciples must follow Christ at a distance, and then, like Peter, do not know him.

13. Because my faith is to be known by my self-denying, Christian life, and not by the rise or fall of the thermometer.

14. Because such yielding to surmountable difficulties prepares for yielding to those merely imaginary, until thousands never enter a church, and yet they think they have good reasons for such neglect.

15. Because, by a suitable arrangement on Saturday, I shall be able to attend church without exhaustion; otherwise my late work on Saturday night will be as great a sin as though I worked on the Sabbath itself.

16. Because I know not how many more Sabbaths God may give me; and it would be a poor preparation for my first Sabbath in Heaven to have slighted my last Sabbath on earth.—From Feigned Excuses.

THE NEW FARMER.

The day when "any fool can be a farmer" has gone by never to return. A successful farmer, as much as any other man, must be a person of broad mind and wide information. He should know something of all the sciences, and especially of the science of chemistry, of plant growth and of food nutrition. He must also be a good man of business, well posted in the market values of crops and stock, and ready at all times to avail himself of the opportunities of the markets of the world.

The days when profits could be made by the simple production of staple crops on land rendered fertile by nature is gone by. The land must be fertilized and cultivated scientifically, and the crops in some cases be converted into a manufactured article, and be put on the market in a condensed form, if farming is to be profitable.

A great weakness of nearly all farm ers, and especially of southern farmers,

is that they are given to procrastination. They know that a certain work requires to be done, but put off the doing of it from day to day until, instead of being done at the best time, it is often done at a time when it is practically impossible for it to be done, well or bring about satisfactory results. Often this delay is caused by an oversight at the time when the work ought to be done. As a remedy against this take good papers and keep posted, or keep a diary from year to year. Farmers who think and plan are pretty sure to be pushing their work and not letting the work push them.—Cor. Epitomist.

FATTENING CATTLE.

It is necessary for a feeder to provide himself with a good substantial barn, for it is best that cattle should be sheltered from the different changes in weather. Also by this means the cattle receive pure feed and get the benefit of all the feed that is placed before them. By feeding on the outside there is a waste of food and manure, but this method obviates these wastes and greatly reduces the feed bill. The stock should be left loose in the barn so that they can leave it at any time for getting water.

It is peremptory that stock drink pure water. It is best that they obtain this water from a running stream near the barn.

The best feed is corn and clover hay. It is also best for hogs that run after cattle. Roughness, cattle must have, and all kinds of hay and all kinds of straw or fodder will answer. Farmers ought to protect and house all roughness in summer and fall.

When corn is ground it will finish cattle quicker than when fed on ears, but hogs will not get as much benefit from it. My advice would be for feeding ear corn and plenty of roughness to cattle and result will prove to best advantage, to feeders especially, where stock goes on grass in spring; but when feeders intend to market cattle out of the barn, then ground corn and five pounds of cotton seed meal daily to each animal and clover hay will do the work, and finish a beef from 100 to 120 days and the increase on a beef ought to be from 250 to 300 pounds.

The old style of feeding is nearly abolished and ought to be a thing of the past, and any farmer feeding on the old style will see ruinous results before him. The main object in feeding in the barn is the manure, the greatest fertilizer that can be found, and which is required on any farm the same as stock require feed. A farmer ought to feel as proud of a large quantity of manure to haul on his place as to drive a lot of fat stock off of it.—Kentucky Farmer.
